CORPORATE PROFILE

OUR BUSINESS VISION

Tanyanyiwa & Associates, Attorneys-At-Law, is a Zimbabwean boutique law firm with a forte in financial and corporate services law; and emerging fields such as information communication technology law and Islamic financing structures.

We also have the capacity to service our clients' traditional legal needs such as debt collections, conveyancing and securitisation, immigration, and general civil law related areas of the law.

The firm recognises that in a diversified contemporary business climate, clients deserve legal services which zero in on their specific and unique needs, which sometimes transcend location.

The firm has valuable professional and business links with local and international players in the legal and business sector. These connections and links allow us to offer relevant legal solutions to problems confronting our valued clients.

OUR MISSION

Our firm aims to provide high quality, creative and results oriented services to achieve results that exceed clients' expectations. We believe that professional client to lawyer interactions help in strategy formulation. Our goal is to involve and appraise our clients regarding every facet of their business interests entrusted in our hands. As such, regular updates and prompt feedback are key features of our approach to dealing with clients, with every member of our team having a hands-on approach from initial client engagement up to the execution of any mandate.

OUR VALUES

In ensuring that we provide our clients with the best standards, the following ethics are an integral part of our identity as a law firm:

- Confidentiality
- Efficiency
- Diligence
- Smart Solutions
- Candour and Transparency
- Corporate Social Responsibility
- Continuous Learning and Engagement

Whilst our professional charges are regulated by the Law Society of Zimbabwe, our systems allow for clients to continuously track what they are being billed for. As a result, the mode and structure of payment is one which the client can formulate based on real time information.

OUR ETHOS

We value social interactions with clients to foster bonds that cultivate mutual, lasting, and continuous business associations with them. Therefore, we endeavour to organise quarterly client appreciation and feedback engagements which allow the services we offer to remain relevant to our clients as well as nurturing intermingling and networking between and amongst our distinguished clientele which introduces business opportunities and enhances trade co-operation.

Tanyanyiwa & Associates is anchored by some of the best and the brightest legal minds. We strive to be associated with first-rate graduates whom we nurture to become top-notch legal practitioners. Our people are challenged and valued through encouraging further education, diversifying interests, and taking active roles in social and community events.

We also have a robust exchange program with our international affiliates. The program exposes our staff to global positive influences, and we aim to export our own professional values and cultural values of *ubuntu* to the world. This strategically places us the go to law firm for those clients who have an interest in being participants in the international business community.
